June 2013

I hope that you are having fun in your shops that means that you're turning.

The challenge for this month is turning a bottle stopper for Show and Tell. There are many styles to turn so take your pick and bring your favorite. We would like to have as many entries as we have members attending.

Neil was on a trip thru the Caroline's and picked up about 12 nice blocks of cherry wood that was donated by Mike Leigher the co-owners of the business. The website <http://www.turningblanks.net/servlet/the-template/about/Page> Mike donated the wood for our annual soup kitchen event. If you would like to participate pick up a piece of the cherry at the next meeting and turn it into a treasure for the Auction at the Manna Food Pantry. Al will tell you about his shop. See you there on the 15th at 9 a.m.

We will be having our Christmas Party in July BBQ at the Bay Shore Club House. As usual we will be exchanging our turnings with each other. If you participate you must make, and turn in your gift for the exchange. If you want your wife to participate, bring a gift for her, or if she is crafty something that she has made, remember no gag gifts please, if you purchase a gift it must be wood turning related. Remember to bring your tea candle holders that you made using the globes provided by Jeff Olive. They will be used as center pieces and will be given away in a drawing at the end of the event. There are a few more globes if you want to participate. There will not be a demo at the party.

The demo for August will be conducted by Joe Verdi; he will be showing you how to make a vacuum chuck using a shop vac. The turning challenge is going to be any turnings in miniature, such as earrings, pendants, small ornaments etc.
