

Draw two lines 1" & 1 3/8". Measure in 3/4" from two edged make a mark.

Turn from the 1 3/8" line toward the 1 line. Stop at the marks you made at 3/4" from edge. Turn to round. There will be four flat spots.

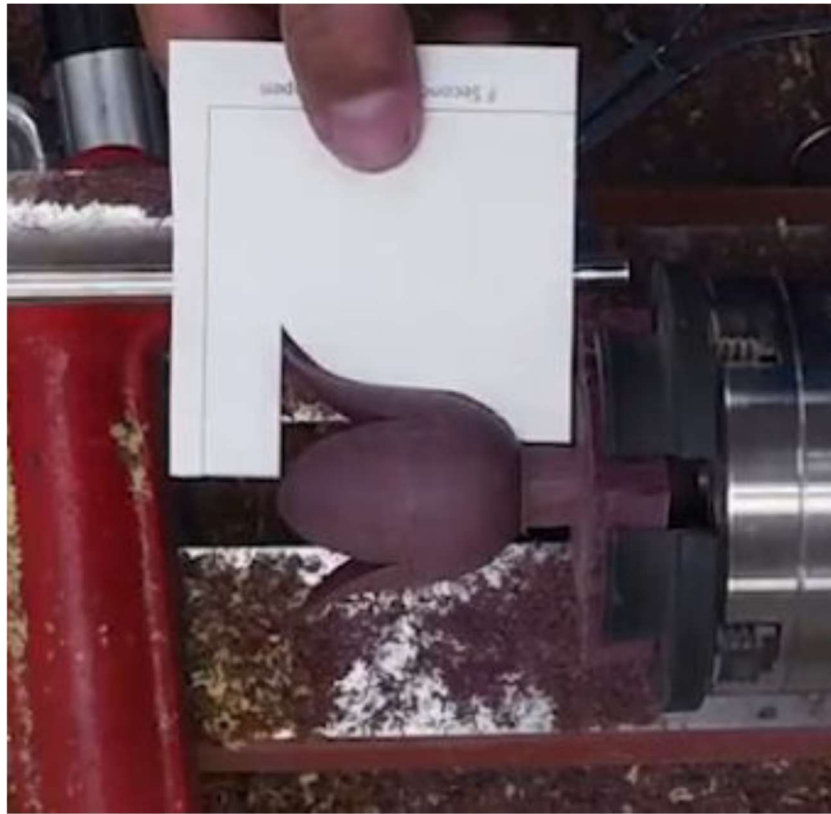

Round over end.

Glue the four pieces together, and rechuck. Draw 2 lines $1 \frac{1}{4}$ " & $2 \frac{1}{8}$ ". Reduce between lines approximately $1 \frac{9}{16}$ ".

Drill a $\frac{1}{4}$ " hole in bottom center.

Turn to shape.
